1. The implementation of the changes to the Trust contained in this document is subject to final implementation review and approval. Unless otherwise stated above, all other information in the Product Disclosure Statement (PDS) remains unchanged.
2. The estimated ongoing annual fees and costs disclosed in the 'Before 30 November 2023' column reflect the fees and costs included in an update to the Trusts current PDS on 15 September 2023 available at www.ioof.com.au/forms. Where applicable, all fees and costs in this document are shown inclusive of GST and net of Reduced Input Tax Credits.
3. The estimated management fees include the investment management fee, which is the fee charged by the Responsible Entity for overseeing and managing the assets of the Trust, and fees charged by underlying investment managers. All ongoing administration, Responsible Entity fees, underlying investment manager fees and other fees that would normally be payable by the Trust(s) will be paid out of the investment management fee. It excludes transaction costs and other abnormal expenses. The estimated management fees may vary due to changes to the relevant Trust's underlying assets, investment managers and their fees. Updated information will be available at www.ioof.com.au.
4. As an investor in the Trusts, you may incur indirect costs which are not charged directly to the Trusts. Indirect costs have the effect of reducing your overall return on investment (where such indirect costs are not otherwise paid out of the management fee, as noted above). These indirect costs may be incurred through investment in underlying unit trusts. Indirect cost amounts included in this document are based on actual costs incurred for the financial year to 30 June 2023 and involve the Responsible Entity's estimate of fees where information was unavailable at the date this document was issued and are included in the 'Before 30 November 2023' column.
5. The estimated net transaction costs in this document are based on actual costs incurred for the financial year to 30 June 2023 and involve the Responsible Entity's estimate of costs where information was unavailable at the date this document was issued and are net of buy-sell spread recovery and are included in the 'Before 30 November 2023 column'.
6. The Trusts themselves do not charge performance fees. In addition, there are currently no performance fee arrangements in place with any of the underlying investment managers of the Trusts.
